EXAMINER'S AMENDMENT

1. An examiner's amendment to the record appears below. Should the changes and/or additions be unacceptable to applicant, an amendment may be filed as provided by 37 CFR 1.312. To ensure consideration of such an amendment, it MUST be submitted no later than the payment of the issue fee.

Authorization for this examiner's amendment was given in a telephone interview with Jeffrey Bamber on March 5, 2004.

The application has been amended as follows:

In line 4 of claim 1, after "moisture" insert –and wherein said absorbent gelling material is selected from the group consisting of cross-linked polycarboxylates and mixtures thereof.—

Delete claims 4 and 5

In line 4 of claim 13, after "moisture" insert –and wherein said absorbent gelling material is selected from the group consisting of cross-linked polycarboxylates and mixtures thereof.—

In line 2 of claim 14, after "material" insert –according to claim 1—

2. The following is an examiner's statement of reasons for allowance: Applicants have claimed a process of treating a fabric with a composition comprising an absorbent gelling material which is a cross-linked polycarboxylate. There are many absorbent materials for cleaning fabrics, particularly in carpet cleaning applications. Applicants have stated for the record that "absorbent gelling material" is an art recognized term that

Art Unit: 1751

refers specifically to materials used in certain fields such as disposable absorbent articles. The cross-linked polycarboxylate therefore, refers to polycarboxylates which also satisfy the absorbent gelling material definition as defined by applicants. The prior art does not teach a fabric treatment composition utilizing this specific absorbent gelling polymer. Accordingly, the present claims are allowable.

Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."
